SAVE OUR PLANET!

Dear Guest:

Every day tons of detergent and millions of gallons of water are used to wash towels that have only been used once.

PLEASE DECIDE FOR YOURSELF.

A towel on the rack
means
"I'll use it again".

A towel on the floor
or in the tub means
"please exchange".

**SAVE
MOTHER
EARTH!**

Bed sheets washed daily in thousands of hotels in this world use millions of gallons of water and tons of detergent.

Sheets are customarily changed daily, but if you feel that this is unnecessary, please leave this card on your pillow in the morning. Your bed will be made, but your sheets will not be changed that day.

PLEASE DECIDE FOR YOURSELF.
